Project

Case Dock Steel Coating
199 Red Top Road
Fairfield, CA 94534

Project Summary

Substrate
Mild Steel

Surface Preparation
SSPC SP-10

System
Phenicon® HS Flake Filled/Phenicon® HS

Project Completion Date
Spring 2003

Project Description

Polytech Industrial was selected as the contractor to abrasive blast clean all steel surfaces on the Case Dock to SSPC SP-10 Near White Metal, install 1 prime coat of Sherwin Williams Phenicon® HS Flake Filled and 1 finish coat of Phenicon® HS.

The steel was exposed to severe chemical attack in vapor form.

The entire project was completed during normal operations for Sunnyside Farms.
